

# 1st Grade Choice Board

**Students:** Enjoy your day while not at school. Your mission is to complete at least **5 things** on this board.

This sheet is **due to your teacher one week from today** or you will be counted absent. Have fun!!

<p>Find things in your house that start with <b>ch</b> and <b>th</b>.</p>	<p>Think of a number. What comes before? What comes after?</p> 	<p>Listen to your favorite song and clap the rhythm.</p> 	<p>Create a picture using only the secondary colors.</p> 	<p>Your CHOICE! Write what you did:</p>				
<p>Your CHOICE! Write what you did:</p>	<p>Read a book to the mirror.</p> 	<p>Start with <b>101</b> and count as high as you can.</p>	<p>Put these words into sentences: <b>picnic, magnet, tumble</b></p>	<p>Watch a movie. Write the title below:</p>				
<p>Finish this sentence: My favorite season is _____ because _____. Draw a picture.</p>	<p>Find something that makes you happy. Write what it is here:</p> 	<p>Do 20 sit ups.</p> 	<p>Locate your heart words or decodable words in a book. Write them down.</p>	<p>Play a game.</p> 				
<p>Show <b>32</b>:</p> <table border="1" data-bbox="157 1169 441 1323"> <thead> <tr> <th>tens</th> <th>ones</th> </tr> </thead> <tbody> <tr> <td> </td> <td> </td> </tr> </tbody> </table>	tens	ones			<p>Have someone read you a story. Afterwards, talk about the main character?</p>	<p>Clean your room.</p> 	<p>Make your bed and brush your teeth.</p> 	<p>Play with your siblings or friends.</p> 
tens	ones							
<p>Play outside!</p> 	<p>Solve:</p> $5 + 4 = 8 + \underline{\quad}$ $2 + 3 = \underline{\quad} + 1$ $7 + \underline{\quad} = 1 + 10$	<p>Start with 32 and count backwards.</p> 	<p>Find objects in your house that are a cube or pyramid.</p> 	<p>Write a sentence or draw a picture telling me how you're feeling today and why.</p>				

## Pick a Math Activity!

- Pick two playing cards and use cereal pieces or macaroni to make a model of an addition or subtraction fact.
- Play *Fact War* by splitting the cards into two piles. Each player flips two cards over, and the player with the greater sum/difference keeps both cards.
- Pick two cards and draw a picture to show an addition or subtraction fact.
- Write a word problem to go with a fact. For  $3 + 2$ , you might write "There were 3 brown dogs and 2 white dogs. How many dogs were there?" Then solve your word problem.
- Spread out all the cards on the table. Say a sum/difference and have your child use the cards to make the fact that goes with it. For example, you say "5" and your child might choose  $3 + 2$  or they may choose  $9 - 4$ .
- Play *What's Missing*. Read a fact to your child with one number missing. Have your child tell you what number is missing. For example,  $? + 5 = 10$ . What number is missing?

For something different, you could use dice instead of playing cards!

---

### **Other Resources to use at home:**

BLOG site of the MEDIA SPECIALISTS, Mrs. Seeger and Mrs. Waltman.

There are lots of great things to do within these links!!
