

# 1st Grade Choice Board

**Students:** Enjoy your day while not at school. Your mission is to complete at least **5 things** on this board.

This sheet is due to your teacher one week from today or you will be counted absent. Have fun!!

<p>Play outside!</p> 	<p>Think of a number. What comes before? What comes after?</p> 	<p>Make something out of a cardboard box.</p> 	<p>Make a list of VCe words.</p> <p>home cone pole note hose doze</p>	<p>Draw a picture using only circles and squares.</p> 				
<p>Your CHOICE! Write what you did:</p>	<p>Solve:</p> <p><math>3 + \underline{\quad} = 10</math>  <math>\underline{\quad} + 4 = 9</math>  <math>8 + 3 + 2 = \underline{\quad}</math></p>	<p>Start with 103 and count to 120.</p> 	<p>Hop on one foot around the kitchen table as many times as you can.</p> 	<p>Show 74:</p> <table border="1" data-bbox="1627 706 1900 852"> <tr> <td>tens</td> <td>ones</td> </tr> <tr> <td> </td> <td> </td> </tr> </table>	tens	ones		
tens	ones							
<p>Play a card game or sort the cards.</p> 	<p>Write down your favorite activity to do at home: _____ Do it!</p>	<p>Listen to your favorite song and dance!</p> 	<p>Locate your heart words or decodable words in a book. Write them down.</p>	<p>Write a sentence or draw a picture telling me how you're feeling today and why.</p>				
<p>Make a list of things in your house that start with each letter of the alphabet.</p>	<p>Have someone read you a story. Afterwards, talk about the setting?</p>	<p>Play a game.</p> 	<p>Put a puzzle together.</p> 	<p>Sweep or vacuum the floor.</p> 				
<p>Put these words into sentences: <b>chime</b>, <b>thumb</b>, <b>shut</b></p>	<p>Start with 91 and count backwards to 70.</p> 	<p>Your CHOICE! Write what you did:</p>	<p>Create a picture using only three colors.</p> 	<p>Create an obstacle course.</p> 				

## Pick a Math Activity!

- Pick two playing cards and use cereal pieces or macaroni to make a model of an addition or subtraction fact.
- Play *Fact War* by splitting the cards into two piles. Each player flips two cards over, and the player with the greater sum/difference keeps both cards.
- Pick two cards and draw a picture to show an addition or subtraction fact.
- Write a word problem to go with a fact. For  $3 + 2$ , you might write "There were 3 brown dogs and 2 white dogs. How many dogs were there?" Then solve your word problem.
- Spread out all the cards on the table. Say a sum/difference and have your child use the cards to make the fact that goes with it. For example, you say "5" and your child might choose  $3 + 2$  or they may choose  $9 - 4$ .
- Play *What's Missing*. Read a fact to your child with one number missing. Have your child tell you what number is missing. For example,  $? + 5 = 10$ . What number is missing?

For something different, you could use dice instead of playing cards!

---

### **Other Resources to use at home:**

BLOG site of the MEDIA SPECIALISTS, Mrs. Seeger and Mrs. Waltman.

There are lots of great things to do within these links!!
