

2nd Grade Choice Board

Students: Enjoy your day while not at school. Your mission is to complete at least **5 things** on this board.

This sheet is **due to your teacher one week from today** or you will be counted absent. Have fun!!

<p>Do a chore at home.</p> 	<p>Write 5 addition problems and solve.</p> <p>37 + 16</p>	<p>Read a book. Did it teach you a lesson?</p> 	<p>Clean your room.</p> 	<p>Your CHOICE! Write what you did:</p>						
<p>Put a puzzle together.</p> 	<p>Listen to your favorite song. Can you clap the rhythm?</p> 	<p>Show 547:</p> <table border="1" data-bbox="854 698 1199 857"> <thead> <tr> <th>Hundreds</th> <th>Tens</th> <th>Ones</th> </tr> </thead> <tbody> <tr> <td> </td> <td> </td> <td> </td> </tr> </tbody> </table>	Hundreds	Tens	Ones				<p>Watch a movie. List 4 of the characters:</p> <p>1. 3. 2. 4.</p>	<p>Skip, then hop on one foot, and gallop around the kitchen table. How many times did you go?</p>
Hundreds	Tens	Ones								
<p>Read a book. Where did it take place?</p> 	<p>Write a sentence or draw a picture telling me how you're feeling today and why.</p>	<p>Write a story problem. Solve it.</p> <p>I see 11 . 4  fly away. How many  are left?</p>	<p>Make a card for someone.</p> 	<p>Play outside.</p> 						
<p>Find a few coins. Add them up and draw a picture to represent your work.</p> 	<p>Write the number that expanded notation shows:</p> <p>$400+30+7 = \underline{\quad}$ $200+90+8 = \underline{\quad}$ $800+20+0 = \underline{\quad}$</p>	<p>Run up and down your driveway 5 times.</p> 	<p>Make yourself a snack.</p> 	<p>Create a picture using only squares.</p> 						
<p>Your CHOICE! Write what you did:</p>	<p>Create a picture using only the secondary colors.</p> 	<p>Practice stretching 10 words.</p> <p>rat  cat mat </p>	<p>Play with your siblings or friends.</p> 	<p>Use a deck of cards to practice addition and subtraction.</p> 						

Pick a Math Activity!

- Pick two playing cards and use cereal pieces or macaroni to make a model of an addition or subtraction fact.
- Play *Fact War* by splitting the cards into two piles. Each player flips two cards over, and the player with the greater sum/difference keeps both cards.
- Pick two cards and draw a picture to show an addition or subtraction fact.
- Write a word problem to go with a fact. For $3 + 2$, you might write "There were 3 brown dogs and 2 white dogs. How many dogs were there?" Then solve your word problem.
- Spread out all the cards on the table. Say a sum/difference and have your child use the cards to make the fact that goes with it. For example, you say "5" and your child might choose $3 + 2$ or they may choose $9 - 4$.
- Play *What's Missing*. Read a fact to your child with one number missing. Have your child tell you what number is missing. For example, $? + 5 = 10$. What number is missing?

For something different, you could use dice instead of playing cards!

Other Resources to use at home:

BLOG site of the MEDIA SPECIALISTS, Mrs. Seeger and Mrs. Waltman

There are lots of great things to do within these links!!
