

ALBERT LEA ADULT LEARNING CENTER
COVID-19 GED TESTER SCREENING

1) Have you had close contact with someone who was diagnosed or suspected to have COVID-19 within the last 14 days?

Close Contact

- A person has been within 6 feet of a COVID-19 case or suspected case for a period of time. Close contact can occur while caring for, living with, or visiting with a COVID-19 case OR
- A person has had direct contact with body fluids of a COVID-19 case or suspected case from being coughed on, been intimate with, etc.

2) Have you had a fever (100.4 degrees or higher) in the last 7 days?

3) Have you had shortness of breath in the last 7 days?

4) Have you had a new or increased cough in the last 7 days?

If YES to any of these questions you should not report for testing and MUST cancel on GED.com

We recognize that sore throat, headache and muscle aches are symptoms of COVID-19, but they are symptoms of a multitude of other things. Students/Staff with these symptoms should not be at work or school.
