

The Online Academy will be accepting enrollments for the Spring Semester between November 1st-15th. **Spring Semester begins on Thursday, January 6th.** The Enrollment Form can be found on the Online Academy webpage under the "Enrollment" tab.

Parent Informational Meetings for new students to the Online Academy have been scheduled for **November 3rd, 5th, 8th and 10th.** Families new to the Online Academy should plan to attend one of these meetings. The times for these meetings vary and can be found on the "Calendar & Schedules" tab on our webpage. Please contact us for alternative arrangements if none of these meeting times work in your schedule.

Once a student's enrollment for Spring Semester is confirmed, a list of course options will be supplied to the family for their review and input. Please return this course registration as soon as possible so you have the best opportunity to get into desired courses.

We look forward to working with your student(s), and family, in this new educational setting. Please feel free to contact us with any questions.
